GRADING, EXCAVATION AND FILLING	<input type="checkbox"/>	_____

Fabricators shall present verifications and approval certificates as required for Building Official Approval.

In plant Special Inspections shall be required for non-approved Fabricators.

City of Tombstone
SPECIAL INSPECTION REQUIREMENTS

The Special Inspector shall be a qualified person who shall demonstrate competence, to the satisfaction of the Building Official, for inspection of the particular type of construction or operation requiring special inspection.

The Special Inspector shall observe the work assigned for conformance to the approved design drawings and specifications.

The Special Inspector shall furnish inspection reports to the Building Official, the Engineer or Architect of Record, and other designated persons. All discrepancies shall be brought to the immediate attention of the Contractor for correction, then, if uncorrected, to the proper design authority and to the Building Official.

The Special Inspector shall submit a final signed report stating whether the work requiring special inspection was, to the best of the inspector's knowledge, in conformance to the approved plans and specifications and the applicable workmanship provisions of the 2006 IBC.
